SPAS

Relaxed...Refreshed...Revitalised

With perfect jet formation to hit each muscle group Platinum spas have created spas that will not only leave you feeling relaxed but will leave your body feeling revitalised.

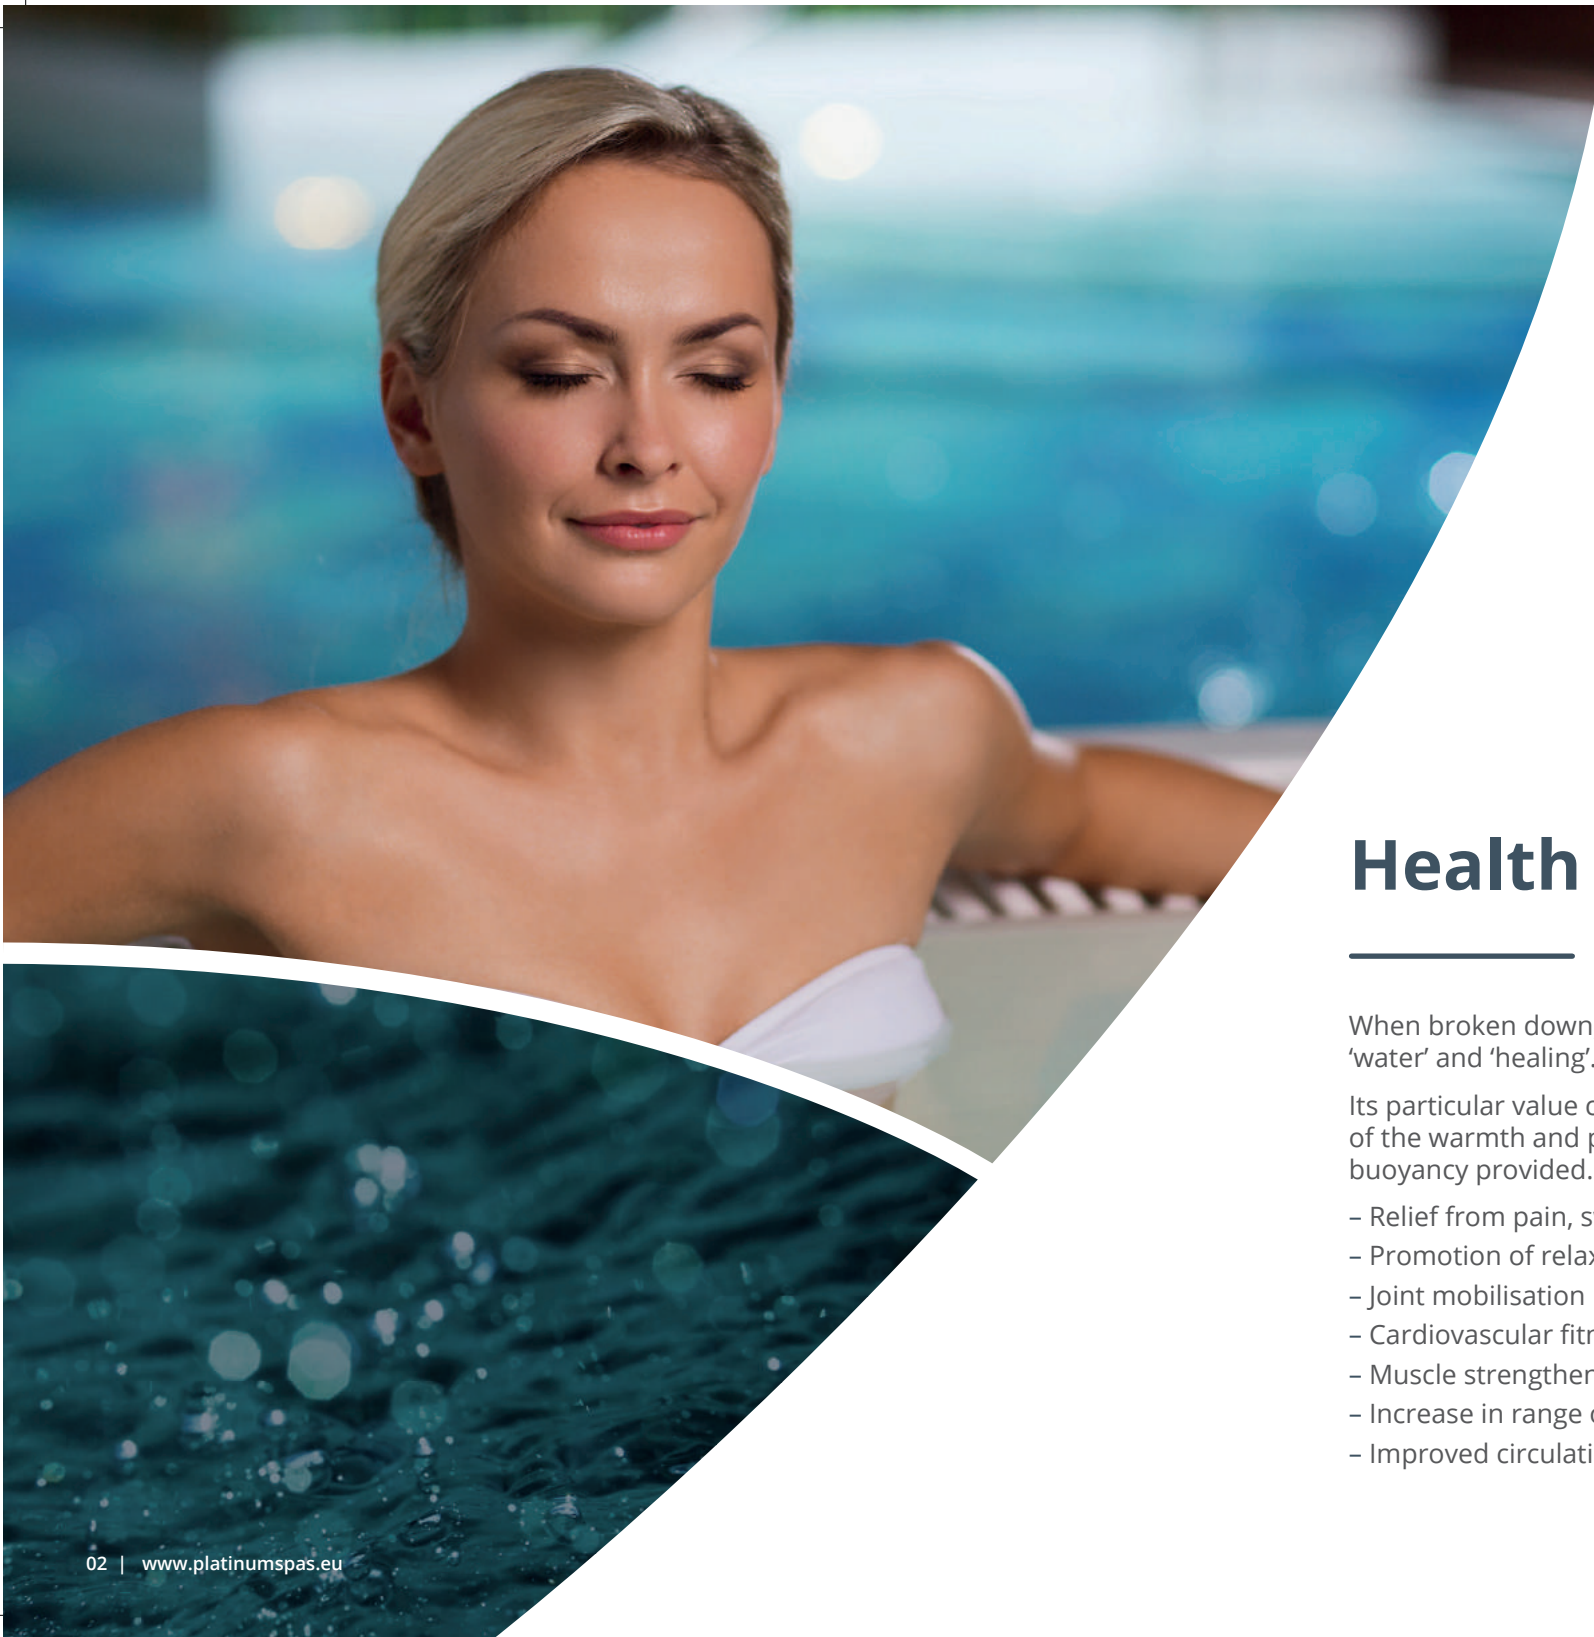

Award Winning Hot Tubs and Swim Spas.

Platinum Spas are the leading hot tub distributors in the United Kingdom, as well as the leaders in new spa designs and features. With partners all over the United Kingdom and Europe, Platinum Spas have become a household name in the Hot Tub and Spa industry.

Platinum Spas is a family run business taking pride in their customer service and after-sales care. With over 15 years' experience in the spa industry, Platinum Spas assure you that every hot tub they deliver is of the highest standard.

Platinum Spas take great pride in the quality of their spas: including every single component of every single spa. From the controls all the way down to the pipework, Platinum Spas use the best materials around, as well as the latest technology in the industry to ensure the creation of cutting-edge products.

Health Benefits

When broken down, the word 'Hydrotherapy' means 'water' and 'healing'.

Its particular value comes about because of the effects of the warmth and pressure of the water and particularly buoyancy provided. Some of the main benefits include:

- Relief from pain, swelling and stiffness
- Promotion of relaxation
- Joint mobilisation
- Cardiovascular fitness (heart and lungs)
- Muscle strengthening, maintenance and restoration
- Increase in range of motion of affected joints
- Improved circulation

Extra touches...

Mood Lighting

All Platinum Spas come equipped with water level lighting, large LED in the footwell. This gives the spa a very modern look but also improves the mental mood of the user. This comes standard on all of the Platinum Spas Range.

Backlight Jets Package

Lights up 3", 4" and 5" jets in your spa in coordination with your standard mood lighting. This is an option that can be added to all ranges.

Premium LED Package

This package includes Waterline lighting, lighted water features, downward corner lights, and lighted air controls and diverter valves. This package comes on the Premium, Solar and Jewel range.

Clear Water System

All Platinum Spas are equipped with a state of the art no-bypass filtration system and an ozone disinfection system. Better filtration means more joy and longer product life.

Built to Last

Platinum Spas only use quality components, from the acrylic used to form your spa through to the internal pipework.

All Platinum Spas are equipped with stainless steel frames and an ABS base. The side panels are formed from high grade wood composite giving a quality finish requiring low maintenance – so you can enjoy your hot tub in all weather for years to come!

Wifi Enabled Controls

The Balboa Worldwide App (bwa™), is an app for your smart device (Android™ or iPhone®) that allows you to access your hot tub via a direct connection anywhere in the local proximity of your tub, anywhere in your house that you can connect to your local WiFi network, or anywhere in the world you have an internet connection to your smart device via 3G, 4G, or WiFi hot spots.*

With the bwa™ app, you can ensure that your hot tub will be ready whenever you want to take a dip. Instead of going outside and pressing buttons on the topside panel, the app lets you start the tub and change settings from your smartphone or tablet.

The App provides full interface control so you can set the temperature, turn pumps on and off and even set filtration cycles.

This system can be added as an option on to the Premium and Solar Range.
